OUR VALUES

Brandex is a full-service turnkey sign company. As a 10-year sign industry veteran, we have worked with clients all over the nation to discover the best possible sign solution to fit their brand. Our signage experts work with new and old sign solution technologies and are committed to bringing you the best quality sign solution within any budget. Project managers are assigned to your project to ensure your vision is carried through all elements of the build—from design to installation.

Our clients experience an exponential amount of savings because we are an all in one signage solution company, therefore there is no need to hire an outside design firm or outside signage contractor to complete your branded project. Looking for Interior or Exterior Signage? Our signage experts at Brandex have done it all! Even if you are not sure where to begin, we can help you through the conceptual phase and help you bring your brand's voice to life!

DID YOU KNOW?

35% of customers judge quality of business based off of sign quality.

Businesses experience 10% growth in business when they transform a lesser sign to a superlative one.

BRAND BOX SIGNS

Brand Box: Exterior, Pole, Interior & Brand Blade

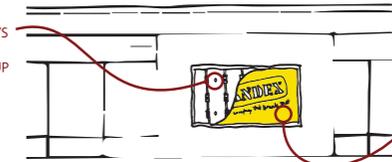

The Brand Box Sign is a versatile and cost-effective sign solution to draw attention to your company. In addition to an eye-catching light feature, you can also display your logo or graphic in full color. While the standard sign comes in a rectangular shape, Brandex can manufacture your Brand Box Sign to any shape. For extra pizzazz, you can add lighting around each letter and logo. Our Frame and Fabric interior Brand Box is perfect for promos or temporary features.

LOGO & LETTER SIGNS

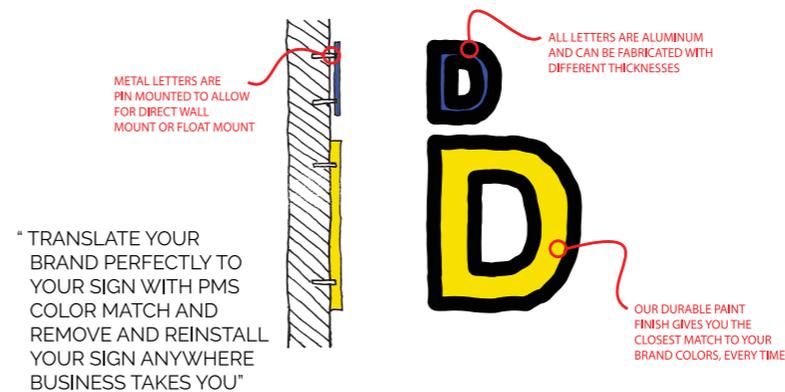

True Color, True Color Channel & Brand Metal

TRUE COLOR

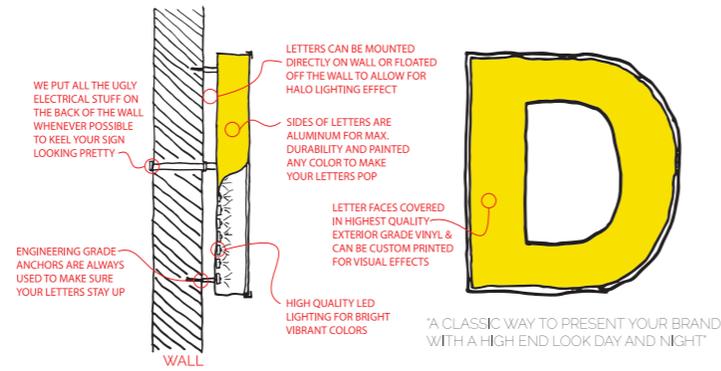

This product is best for:
Building recognition
Brand Recognition
Weather Durability

Make every letter count with Brandex's True Color Sign. Our True Color sign is made of solid plate aluminum and painted with exterior grade coatings mixed to match your brand PMS colors. Every single sign is pin mounted giving you the option to float mount your True Color sign, giving it more dimension and dramatic shadows. A huge benefit to our signs is that they are easy to install and can be pulled off the wall to move with your company. Every sign comes with all the tools necessary for a successful and hassle-free install.

TRUE COLOR CHANNEL

Light up your brand! Brandex's True Color Channel is a popular electrical sign choice to present your brand identity. This is perfect for businesses wanting brand exposure around the clock. Set your timer and let the night light up your brand.

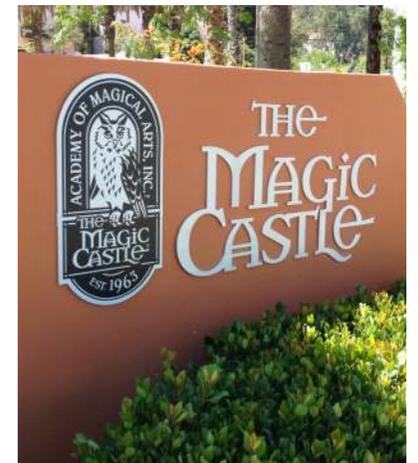

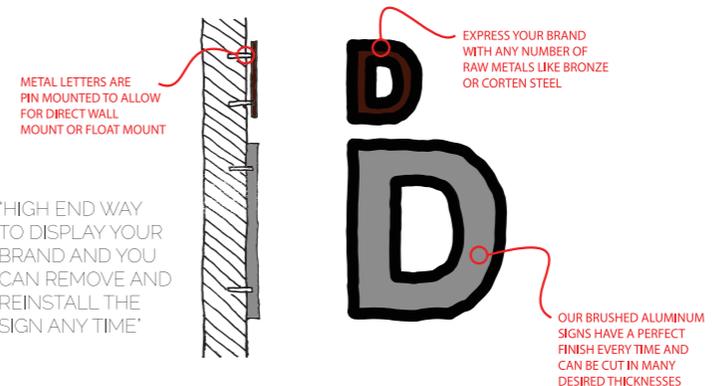

This product is best for:
Outdoor Mounting
Brand Recognition
Night Visibility

BRAND METAL

Leave a lasting impression of your brand with the professional Brand Metal signage. This sign is an excellent option for businesses looking to display professionalism. This sign can easily be installed and has the look of longevity and performance. Every sign comes with all of the tools necessary for a successful and hassle-free install.

This product is best for:
Outdoor Mounting
Brand Recognition
Weather Durability

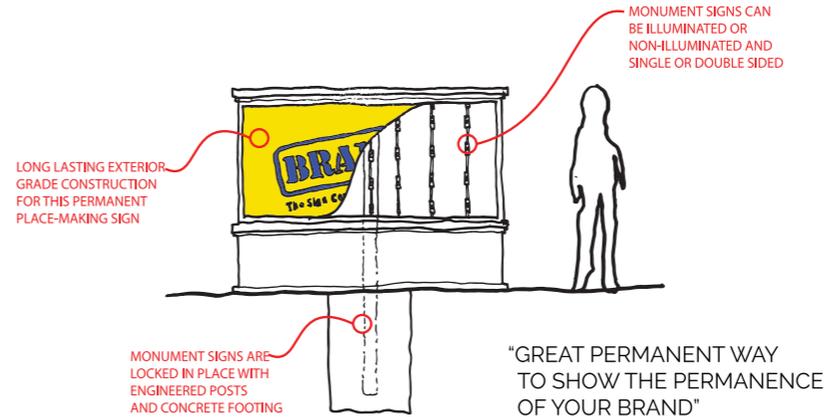

CUSTOM MONUMENT & PYLON

MONUMENT SIGNS

Brandex's Monument Signs assert your brand identity in an unforgettable form. Our mission is to translate your brand's identity into the design of your sign. You will receive premium service through all aspects of your Monument Sign project including the design process, permit acquisition, fabrication & installation.

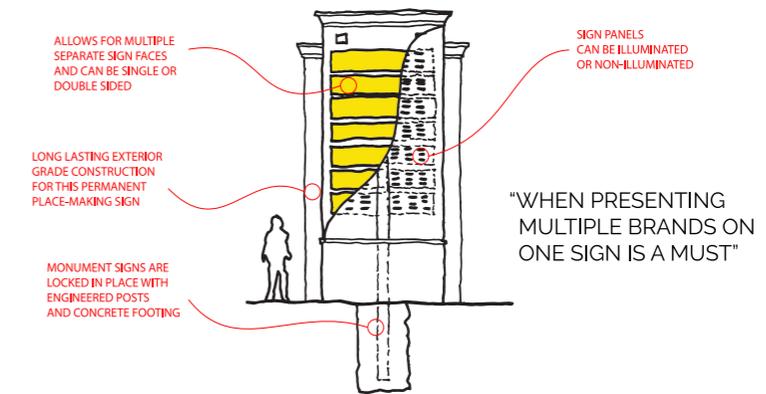

This product is best for:
Landscape Mounting
Brand Recognition
Weather Durability

PYLON SIGNS

Brandex's Pylon Sign is an excellent option for gaining brand recognition from a distance. We will consult with your city to determine the best sign design fitting within the confines of city code. We will seamlessly design, obtain permits, build and install your pylon sign with our experienced team of designers, engineers, and builders. When you are looking to leave your mark and present multiple brands with big exposure, a pylon sign is a must.

This product is best for:
 Outdoor Mounting
 Brand Recognition
 Weather Durability

VEHICLE WRAPS

CUSTOM VEHICLE WRAPS

Brands on the go deserve Brandex's vehicle Graphics. We deliver the highest quality vehicle graphics on the market today with top of the line materials and strategically minimizing seams to give your graphics a high-end look and increased durability. We carefully consider messaging and design layout on each new project because we understand your brand isn't standard and the way it is represented on the road shouldn't be either.

CUSTOM ELECTRIC SIGNS

CUSTOM ELECTRIC SIGNS

With our focus on design excellence, cost-effectiveness and technical knowledge, Brandex will develop new signage, displays and integrated solutions that will meet your brand's goals.

This may include economical sign solutions for a large campaign, a display that ships small but makes a big statement, or a sign or display integrated seamlessly with an existing display or product.

SERVICE INSTALL

We are licensed and insured to install every type of signs and have a national network of installation partners. Your sign will be installed professionally and on time no matter where your business is located.

Our Brandex's installation crews consist of veterans within sign industry that always use the proper tools and equipment to ensure your sign is installed to correct specification. Our services include the use of cranes, trucks, lifts and scaffolding equipment.

Our installation crews have years experience with pylon, wall and tower installations as well as interior and exterior vinyl and graphic installations—all of which are lead by an expert project manager assigned to your project. We are fully licensed, insured and bonded and employ proper safety practices to minimize risk around the job site.
